

The Willy Brandt Series of Working Papers in International Migration and Ethnic Relations is a forum for research in, and debate about, issues of migration, ethnicity and related topics. This Series makes available original manuscripts by the Willy Brandt Guest Professors.

The Series has been established in order to contribute to the wider and more permanent influence of the presence of Willy Brandt Guest Professors in migration-related research work in Sweden. As the Professorship holders are all internationally recognised scholars, the inclusion of such working papers in their bibliographies is also an efficient way of promoting IMER, MIM and Malmö University internationally.

The guest professorship in memory of Willy Brandt is a gift to Malmö University financed by the City of Malmö, and sponsored by MKB Fastighets AB. The Willy Brandt professorship was established to strengthen and develop research in the field of international migration and ethnic relations, and to create close links to international research in this field.

The Willy Brandt Series of Working Papers in International Migration and Ethnic Relations is available in print and online.
